

Regulations

Edition 2023

Version 05.11.2022

1. International Road Racing Championship

The International Road Racing Championship (IRRC) is held over 6 events (see calendar). The events are registered on the FIM Europe Open Calendar. The events are allowed by the Nations national federation and meet the requirements of these federations.

2. Schedule 2023

- 6 & 7 May : Hengelo - Netherlands
- 2, 3 & 4 June : Schleiz - Germany
- 1 & 2 July : Imatra - Finland
- 22 & 23 July : Chimay - Belgium
- 12 & 13 August : Horice - Czech Republic
- 16 & 17 September : Frohburg - Germany

3. Licenses

- a. It is mandatory that each rider, participating in the IRRC, has a license issued by an International federation, recognized by the FIM Europe or FIM.
- b. The riders need the authorisation of their national federations in order to participate, outside their own country, in contests appearing on the FIM Europe Open Calendar.
- c. The license issued by the national federation has to allow the rider to ride in the Supersport and/or Superbike class.

4. Training

- a. For every event, a minimum of two timed practices of at least 20 minutes are provided.
- b. Time keeping is done by means of a transponder. Before every timed practice or race, it is mandatory that each rider has a well-functioning and adequately charged transponder mounted on the motorcycle he will be participating with.
- c. If a rider decides to use his personal transponder, he needs to pass the personal transponder's number to the time keeping no later than one hour before the first practice.
- d. Each rider has to participate in at least one timed practice before he is allowed to take part in the IRRC races.

- e. For each event there is a limited number of participants allowed. This means that it's possible that a rider cannot participate in the race because he's not qualified. The qualification is determined by the fastest time of each rider.
- f. Participants in the IRRC Championship have no priority over guest-rider during the qualification. To qualify for the race, a rider must achieve a time during one of the qualifying sessions at least equal to 115% of the average qualifying time recorded by the fastest 3 riders of his class.
- g. If a championship-rider or guest-rider did not qualify, he cannot claim any refund of his fee.
- h. The limited number of participants on each circuit will always be respected. If we have sufficient "Championship-riders" for the event, no "guest-riders" will be allowed, except when the organiser provides 2 additional races for the non-qualified riders.
- i. The number of participants on each circuit is limited to the track homologation delivered by the national federation of the organisers country.

5. Races

- a. 6 events are scheduled (see calendar). The programme provides for 2 races at each event. The races are ridden under the FIM regulations.
- b. It is the organiser of the event's decision to provide an additional race for non-qualified riders. This is not an obligation. If the organiser decides to provide 1 additional race for the non-qualified riders, these riders can only have the points left for the championship, once.
- c. If there is a restart, every IRRC-race must have at least 5 laps.
- d. If the racedirection of an event decide to cancel 1 or more races, the riders can't ask a refund at the IRRC.

6. Technical Inspection

- a. The motorcycle and all accessories have to be presented for inspection by the Technical Inspection before they can participate in the training.
- b. Sparebikes may be presented for inspection, but a sparebike is forbidden in the pitlane at all times.
- c. When a sparebike is in the pitlane, a penalty of 3 places retrogradation in training or race will be given.
- d. The choice of the tyres is not bound by any regulations.

e. IRRC Supersport class homologated bikes:

See "Listing of FIM homologated Motorcycles for 2023" in "Supersport/Superstock 600 & Next generation" class.

Moto 2 are also allowed in Supersport class.

f. IRRC Superbike class homologated bikes:

See "Listing of FIM homologated Motorcycles for 2023" in "Superbike" class.

g. All motorcycles have to meet the safety requirements as imposed by their national federation.

h. The sound limitation is scheduled at 102 dB/A with a tolerance of +3 dB/A after the race.

7. Start-numbering

a. The following start numbering is provided for the contestants participating the "International Road Racing Championship 2023":

The first 3 riders in the final standings of IRRC-Supersport and IRRC-Superbike season 2022, are given priority to ride with the following starting numbers:

IRRC-SSP: #1 Marek Cerveny, #2 Jorn Hamberg

IRRC-SBK: #1 Vincent Lonbois, #2 David Datzler, #3 Lukas Maurer

For the season 2023: #3 & #77 in Supersport will not be given

The choice of the starting number is free. When one of the above riders do not wish to ride with this starting number, there is no obligation. When one of the above riders will change of class, he can't claim starting number 1, 2 or 3. All other starting numbers are free and will be awarded by the IRRC-organization.

b. At races in which the SSP and the SBK are riding together, the SSP will be assigned a 3-digit number.

c. Guest riders can ride with their own starting number if this number is free. The starting numbers will be assigned by the IRRC-organization.

d. Starting numbers have to meet the following requirements:

!!! No Fantasy will be allowed. The colours must be respected !!!

The height of the numbers must be at least 140 mm.

Superbike: white background with black number

Supersport: white background with blue number

They have to be placed **in the middle of the top fairing** and on the **left and right of the bottom fairing**. (see pictures just below). Placement on the bottom fairing is free. **All numbers have to be readable from a distance.**

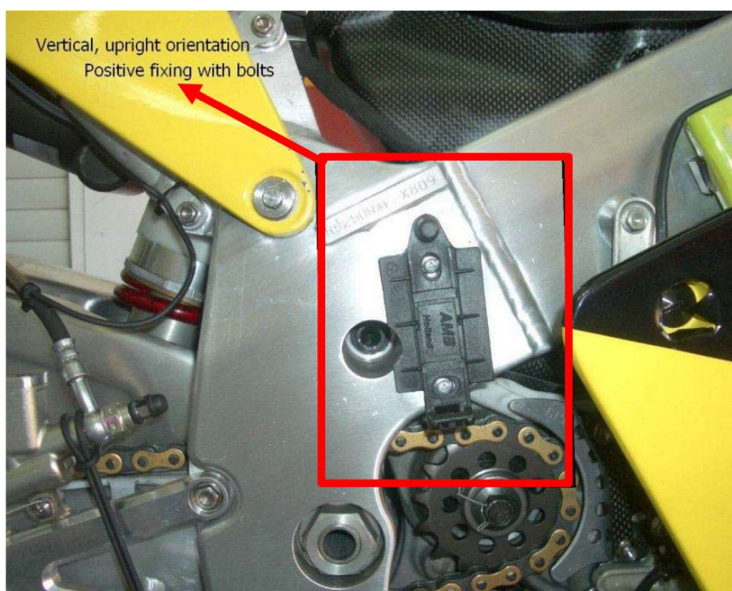

8. Transponder

The transponder must be fixed on the side of the motorcycle in the longitudinal centre of the motorcycle (typically close to the swing-arm pivot), on either the left or the right side, as low as possible and avoided being shielded by carbon bodywork.

If it is not possible to fix the transponder in the center, it may be fixed more backwards (not forwards) on the motorcycle.

Correct attachment of the transponder bracket consist of a minimum of two tie-wraps, but preferably by screws or brackets. Hook and loop fasteners (e.g. Velcro) or adhesive alone will not be accepted.

If the transponder is not correctly fixed, a penalty of 10 sec will be given.
