

What's new in IRRC 2025

- When a **spare bike is in the pre-start or pitlane**, rider will be disqualified for the event.
- **Mectronik - compulsory for Supersport NG**
 1. The ECU must be the Supersport control ECU – the Mectronik MKE7 (part number WSS600_A). The sole official supplier of the ECU is Solo Engineering. www.soloengineering.com, sales@soloengineering.com.
 2. The firmware and manufacturer (engine) map must be declared eligible by championship.
 3. The ECU must always have the “FIM Settings” section up to date. It is the team’s responsibility to ensure that this is done.
 4. The team must always be able to prove the eligibility of their ECU.
- The **sound limitation is scheduled at 102 dB/A** static with a tolerance of +3 dB/A after the race.

- **Helmets**

Homologation 22-05 P will still be accepted for the season 2025. As of 2026, the homologation 22-05 P will no longer be allowed. The new standard from 2026 is 22-06 P.

Helmets must stay like they are manufactured. No changes or alterations are allowed. For example: installation of camera in helmet.

When a rider doesn't respect this rule during training or race, then the rider will be disqualified for this training or race.

- **Airbags**

Wearing an “Airbag” system will be mandatory.
- To participate in IRRC, a rider must be born **after 31/12/1964**.
